Top 10 Centaur Names

Centaur names draw from Greek tradition: rolling syllables with pastoral and celestial overtones. Many reference stars, winds, or natural features, reflecting a species that lives under open sky and reads meaning in constellations.

1. **Chiron** — *Greek Mythology*
   The wise centaur who tutored Achilles and Heracles. The noblest of his kind.
2. **Firenze** — *Harry Potter*
   The centaur who taught Divination at Hogwarts, exiled by his herd for helping humans.
3. **Nessus** — *Greek Mythology*
   The centaur whose poisoned blood killed Heracles. A cautionary name about vengeance.
4. **Ronan** — *Harry Potter*
   A centaur stargazer in the Forbidden Forest. 'Mars is bright tonight' became iconic.
5. **Bane** — *Harry Potter*
   An aggressive centaur who distrusted humans. Named for what he represented to them.
6. **Philippos** — *Greek (Philip)*
   Literally 'horse-lover' — a Greek name that doubles as centaur identity.
7. **Sagittarius** — *Zodiac / Greek*
   The archer constellation, traditionally depicted as a centaur. Star and species merged.
8. **Magorian** — *Harry Potter*
   Leader of the Forbidden Forest centaurs after Firenze's exile. A name of authority.
9. **Orion** — *Greek Mythology*
   The great hunter. Centaurs read the stars — Orion is a name they'd honor.
10. **Epona** — *Celtic Mythology / Zelda*
    The horse goddess — and Link's beloved mare. A centaur carrying this name honors both.
