TAVERN CROWD

Top 10
Changeling Names

Changelings maintain multiple identities, each with its own name. Their 'true name' (if they have one) is deeply private. Public names are borrowed, invented, or stolen to fit whatever face they're wearing.

1. **Mystique** — *Marvel Comics / X-Men*
   Raven Darkhölme — a shapeshifter with fluid identity. The changeling patron saint.
2. **Odo** — *Star Trek: Deep Space Nine*
   A shape-shifting constable searching for his people. His identity crisis mirrors changeling themes.
3. **Doppelganger** — *German Folklore / D&D*
   The word itself means 'double-walker.' The monster that changelings are often confused with.
4. **Faceless** — *Game of Thrones*
   The Faceless Men of Braavos — 'a girl has no name.' Changeling assassin archetype defined.
5. **Loki** — *Norse Mythology / Marvel*
   The ultimate shapeshifter trickster. Every changeling character owes something to Loki.
6. **Nemo** — *Latin / Literary*
   Meaning 'nobody' — a name for a changeling who has shed all fixed identity.
7. **Echo** — *Greek Mythology / Dollhouse*
   A nymph cursed to repeat others. Both the myth and the TV show explore borrowed identity.
8. **Persona** — *Shin Megami Tensei / Persona*
   The mask you show the world. A changeling's entire existence is persona management.
9. **Vic** — *D&D Eberron*
   A common changeling name — short, adaptable, and gender-neutral by design.
10. **Thousand Faces** — *D&D / Mythology*
    An epithet that could be a changeling's true name — not who they are, but what they do.
