Top 10 Dragonborn Names

Dragonborn names are heavy, resonant, and clan-focused. Personal names use hard consonants (K, G, D, TH) with draconic weight. Clan names matter as much as given names, carrying ancestral honor.

1. **Dorn** — *Baldur's Gate*
   Dorn Il-Khan — a half-orc blackguard, but the name's draconic weight suits dragonborn perfectly.
2. **Bahamut** — *D&D Pantheon*
   The Platinum Dragon, god of justice and nobility. The aspirational ideal for metallic dragonborn.
3. **Tiamat** — *D&D / Babylonian Myth*
   The five-headed dragon queen. Her name echoes through chromatic dragonborn bloodlines.
4. **Rhogar** — *D&D Player's Handbook*
   A sample dragonborn name that captures the guttural, powerful sound of the species.
5. **Kriv** — *D&D Player's Handbook*
   Short, sharp, and martial — a dragonborn fighter name that sounds like a blade strike.
6. **Balasar** — *D&D Player's Handbook*
   A heroic-sounding name with draconic resonance. Popular choice for paladin builds.
7. **Donaar** — *Acquisitions Incorporated*
   Donaar Blit'zen — a dragonborn paladin played for both comedy and genuine heroism.
8. **Raistlin** — *Dragonlance*
   Though human, Raistlin's draconic connection and name weight influenced dragonborn naming.
9. **Paarthurnax** — *The Elder Scrolls V: Skyrim*
   A dragon who chose wisdom over destruction. His name means 'ambition-overlord-cruelty' in Dovahzul.
10. **Alexstrasza** — *World of Warcraft*
    The Life-Binder, Dragon Queen. Her name exemplifies the grand, multi-syllable draconic tradition.
