TAVERN CROWD

Top 100 Female Elf Names

When creating Elf names, draw inspiration from Sindarin and Quenya, focusing on flowing vowels and liquid consonants like l, r, and n. Aim for 2-4 syllables, incorporating common endings such as -iel, -wen, or -las. Consider cultural conventions, such as using clan names or epithets that reflect nature or beauty, alongside patronymics indicating lineage. For a concrete tip, try combining a melodic prefix with a meaningful suffix, like El- (star) with -dor (noble) to create "Eldor," evoking both elegance and heritage.

1. Aranel
2. Celethwen
3. Findisiel
4. Elariel
5. Lirael
6. Thaliel
7. Calenwen
8. Elentari
