Frost Elf Names

Frost elf names are cold and crystalline: sharp vowels, icy consonants (K, TH, FR), and a sense of frozen stillness. Think Scandinavian roots filtered through glacial isolation. These names should make you feel the cold.

1. **Elsa** — *Frozen (Disney)*
   The ice queen whose powers define her. Not an elf, but the frost archetype personified.
2. **Skadi** — *Norse Mythology*
   Goddess of winter, skiing, and mountains. The divine patron of all frost-dwelling elves.
3. **Ithildin** — *Tolkien / Elvish*
   Moon-star — a Sindarin word that captures frost elf luminescence in the cold.
4. **Thrym** — *Norse Mythology*
   King of the frost giants. His name's hard consonants suit frost elf warriors.
5. **Boreas** — *Greek Mythology*
   God of the north wind. A frost elf name that carries the bite of winter.
6. **Glacia** — *Fantasy Convention*
   Directly from 'glacier.' Frost elf names often reference ice formations.
7. **Rime** — *English / Fantasy*
   Frost formed from fog. A one-syllable name that feels ancient and cold.
8. **Niflheim** — *Norse Cosmology*
   The primordial realm of ice. A frost elf who carries this name claims cosmic heritage.
9. **Crystalin** — *Fantasy Convention*
   An elf name with 'crystal' woven in — ice made beautiful, which is the frost elf ethos.
10. **Jotun** — *Norse Mythology*
    The frost giants. Frost elves who claim this name assert their domain over winter itself.
