Moon Elf Names

Moon elf names are silvery and nocturnal, softer than high elf and more mystical than wood elf. They favor lunar references, twilight imagery, and sounds that feel like moonlight on still water. L's, N's, and soft vowels dominate.

1. **Arwen** — *The Lord of the Rings*
   The Evenstar — most associated with moonlight and twilight among Tolkien's elves.
2. **Selûne** — *Forgotten Realms Pantheon*
