TAVERN CROWD

# Top 100 Male Firbolg Names

*For Firbolg names, draw inspiration from Irish Gaelic, emphasizing soft, flowing syllables and aspirated consonants like bh, dh, and gh. Aim for a phonetic structure that often features two or three syllables, such as 'Bhram' or 'Dhara'. Clan names may reflect natural features, while personal names often include epithets that describe their connection to the forest, like 'the Whispering Leaf' or 'the Keeper of Streams'. When creating your own names, consider combining a nature-related word with an aspirated sound to evoke the gentle essence of the Firbolg.*
