Lizardfolk Names

Lizardfolk names are practical, often just descriptive sounds in Draconic. They don't attach sentimental value to names the way warm-bloods do. A lizardfolk might be 'Sharp-Tooth' or 'Still-Water' translated into Common.

1. **Shadowscale** — *The Elder Scrolls*
   An Argonian faction name. Bethesda's Argonians heavily influenced lizardfolk aesthetics.
2. **Hisses-at-Shadows** — *Elder Scrolls Convention*
   Argonian naming uses hyphenated verb-phrases — a direct parallel to lizardfolk naming.
3. **Krusk** — *D&D Iconics*
   While technically an orc iconic, the hard 'K' sound is peak lizardfolk naming.
4. **Godzilla** — *Japanese Cinema*
   The king of monsters. Lizardfolk players have been referencing him since 1954.
5. **Sobek** — *Egyptian Mythology*
   The crocodile-headed god of the Nile. A natural patron for lizardfolk clerics.
6. **Dragonbait** — *Forgotten Realms*
   A saurial paladin from the Finder's Stone trilogy — a rare heroic reptilian character.
7. **Suthay** — *The Elder Scrolls*
   A Khajiit subrace, but the sibilant sound captures lizardfolk speech patterns.
8. **Tessek** — *D&D Convention*
   A hissing, two-syllable name that rolls off the tongue like a lizardfolk would speak it.
9. **Kessig** — *Fantasy Convention*
   Hard consonants with sibilant edges — the lizardfolk naming sweet spot.
10. **Gharial** — *Real-World Crocodilian*
    Named after the thin-snouted crocodilian. Real reptile names make great lizardfolk inspiration.
