TAVERN CROWD

Top 10 Warforged Names

Warforged were given designations, not names: serial numbers, military codes, or simple labels. Many choose their own names after gaining sentience. Some pick human names to fit in, others keep their designations as identity.

1. **Bastion** — *Overwatch*
   A combat robot turned pacifist bird-watcher. The warforged identity crisis in miniature.
2. **Data** — *Star Trek: TNG*
   An android seeking humanity. His arc mirrors warforged players exploring personhood.
3. **Legion** — *Mass Effect*
   'We are Legion, for we are many.' A geth platform that grapples with individuality.
4. **HK-47** — *Star Wars: KOTOR*
   The assassination droid who calls organics 'meatbags.' Iconic constructed-being personality.
5. **Iron Giant** — *The Iron Giant (Film)*
   'I am not a gun.' The definitive story of a war machine choosing to be more.
6. **Bulwark** — *D&D Convention*
   A fortress name for a warforged built to protect. Many warforged take functional names.
7. **Cairn** — *D&D Convention*
   A stone-stack name — simple, grounded, and deliberately chosen.
8. **Seven** — *D&D Convention*
   Keeping one's serial number as a name — a warforged who owns their origin.
9. **Optimus** — *Transformers*
   A leader who chose peace over programming. The ultimate 'construct becomes hero' name.
10. **Wall-E** — *Wall-E (Film)*
    A robot who developed personality through centuries of solitude. Pure warforged pathos.
