TAVERN CROWD

Top 10
Yuan-Ti Names

Yuan-ti names hiss, heavy on sibilants (S, Z, SS, TH) with long vowels. They reflect a species that was once human but reshaped itself through serpentine ritual. Names grow more alien as the bloodline becomes more snake.

1. **Sseth** — *Forgotten Realms (D&D)*
   A yuan-ti deity of poison and night. The double-S opening is quintessential yuan-ti.
2. **Medusa** — *Greek Mythology*
   The gorgon with serpent hair. Her name echoes through all snake-folk traditions.
3. **Naga** — *Hindu / Buddhist Mythology*
   Divine serpent beings who guard treasure and wisdom. The original snake-people archetype.
4. **Voldemort** — *Harry Potter*
   A dark wizard with snake-like features and a serpent familiar. Parseltongue is yuan-ti energy.
5. **Apophis** — *Egyptian Mythology*
   The chaos serpent who battles Ra each night. A yuan-ti abomination's perfect patron.
6. **Jörmungandr** — *Norse Mythology*
   The World Serpent. Yuan-ti who dream of godhood invoke names like this.
7. **Zehir** — *D&D Pantheon*
   God of darkness and poison, patron of yuan-ti. His name carries ritual weight.
8. **Xalthar** — *D&D Convention*
   A multi-syllable yuan-ti name with the 'X' and 'TH' sounds their language favors.
9. **Coatl** — *Mesoamerican Mythology*
   From Quetzalcoatl — the feathered serpent. Yuan-ti culture draws on these traditions.
10. **Sslith** — *D&D Convention*
    Nearly unpronounceable by human tongues. That's the point — yuan-ti aren't human anymore.
